

Head + Base

Function The perimeter Side clip Kit is designed to create a solid support to vertical tiles, needed for the infill of steps, if any, or perimeter edges, in outdoor raised floors.
The perimeter Side clip Kit is made of stainless steel.

Compatibility Only for heads with fins 2 or 4 mm thick.

Range The perimeter Side clip Kit is suitable for heads \varnothing 150. If it is used on heads \varnothing 120, the special fins needs to be bent.

Performance Stainless steel has excellent mechanical properties, and thanks to its exceptional resistance to corrosion due to weathering, it does not require any maintenance, especially in case of high humidity and very salty water.

Operating temperature -

Included accessories: -

Recycled product No

Optional accessories: -

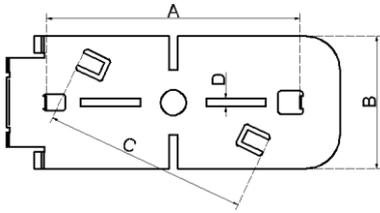

Recyclable product Yes

Material AISI 316 BA finish

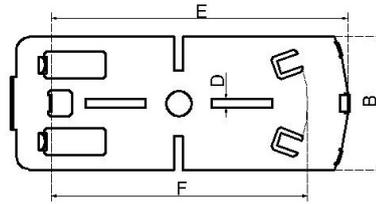

Additional information

The use of the perimeter Side clip Kit implies an increase of the pedestal height of 16/10 mm in total.
